Product Domains: POS Systems, Online Ordering, Restaurant Tech (SaaS), Tablet / Mobile / Web UX

Design Tools: Figma, Adobe XD, Adobe Illustrator, Adobe Photoshop

Collaboration: Cross-team Collaboration, Problem Solving, Time Management, Attention to Detail

WORK EXPERIENCE

UI/UX DesignerNov 2022 – Present

Tenacious Techies, Surat

FoodChow POS System (Windows, Tablet & Mobile App)

- Designed and continuously refined the POS UI, improving usability, workflow speed and visual quality for restaurant staff.
- Designed multiple modules and features end to end, from requirement analysis and wireframes to prototypes and developer handoff.

FoodChow Ordering App & Online Ordering Website

- Designed all key pages and customer ordering flows (browse, cart, checkout) for the ordering app and website.
- Built responsive layouts that stay consistent across mobile, tablet and desktop.

Other FoodChow Products & Company Website

- Contributed UI/UX design to additional FoodChow products and modules, keeping a consistent design language across the suite.
- Designed the Tenacious Techies company website.

Marketing & Collaboration

- Created brochures, banners and social media graphics.
- Work closely with product, development and marketing teams to deliver designs aligned with business goals.
- Manage multiple design projects simultaneously, consistently meeting tight deadlines with high quality.

SELECTED PROJECTS

- **FoodChow POS System:** UI/UX design for tablet and mobile app, covering multiple modules.
- **FoodChow Ordering App & Online Ordering Website:** complete UI design and ordering flows.
